

**COMPACT SIZE
FITS ANYWHERE!**

Mechanical IR
Filter

Anti-Vandal Features

Integrated Lens
Separator

Sturdy all metal case and cable feed-through bracket discourages vandalism

**MECHANICAL IR
FILTER**

High resolution, economical design fits tight budgets and out-performs cameras that cost twice as much!

- Auto-switches between day (color mode) and night (IR / black-and-white mode)
- Integrated lens separator prevents IR haze and washout
- Automatic radiant infrared array

Anti-vandal cable feed-through bracket with security screws

MODEL	ECL-597E
SENSOR	1/3" High Resolution color CMOS
RESOLUTION	600+ TV lines
EFFECTIVE PIXELS	712 x 494
LENS	3.6mm precision glass
MIN. ILLUMINATION	0.5 LUX (F1.2) / 0.0 LUX IR ON
INFRARED	26 LEDs, 850nm, 90'+ range
ELECTRONIC SHUTTER	Automatic, 1/60 sec. to 1/100,000 sec.
SIGNAL-TO-NOISE RATIO	>48db
POWER	12VDC +/- 10% (350mA nominal)
CASE	Aluminum case, aluminum bracket
WEATHERPROOF	IP66 (outdoor rated)
OPERATING TEMP.	-4 to 113°F (-20 to 45°C)
DIMENSIONS	5.5" long, 2" diameter (139.7mm long, 50.8mm diameter)
WEIGHT	Less than 0.5 lb!
VANDAL RES.	Metal case, cable feed-through bracket, security screw elbow joint
